In 2018, while working at our pizzeria, my wife & I
came up with the idea for a takeout

SEAFOOD SHOP

one like you would see while
walking down the Boardwalk at the beach.

In 2019 we put the idea into motion.

With A \$2500 investment, we opened

THE LOBSTER SHACK

AND IT IMMEDIATELY TOOK OFF!

We later added a new full commercial kitchen and seating for 100 people.

In 2023 we decided to sell our Pizzeria and purchase Mauros Italian Ristorante
and renamed the building

Boston's Harbor & Cape

and eventually moved our

LOBSTER SHACK

Into the location we are in today.

We are known for our connections along the Upper East Coast of Maine and the Lobster
in our Cape Cod inspired restaurant. With the cast Iron char-broiling of our steaks, we have become
one of the largest certified angus beef purchasers on the East Coast
